More than 20,000 Persons
HAVE BEEN CURED

IT IS IMPOSSIBLE to give to the public an adequate idea of the great success which has attended the administration of the **ALL-HEALING Ointment** for the past six months. It is perfectly astonishing to witness the effects and hear the praises bestowed on this medicine. No one could conceive that a single myrtle-leaf, and had been known that more than 20,000 persons have been cured, our friends will begin to realize the truth of our remarks, which were made about six months ago, viz: that there would not be a family in America who would not live a day without possessing a box of **McALLISTER'S All-Healing Ointment**, if they knew its virtues. **McAllister's All-Healing Ointment** operates per se in the system. By this means it opens those avenues through which nature carries off the impurities within, and thus relieves the body of disease. It is thus that it cures Consumption, Fevers, Scrophula, Erysipelas, Arthra, Salt Rheum, Sick Headache, Quinsy, Sore Throat, Rheumatism, Scald Head, Pains in the chest, side and back, Dyspepsia, Poisons, Sore Breast, Deafness, Cutaneous Eruptions, Sore Eyes, Inflammation of the Bowels, Kidneys and Brain, Burns, Chilblains, Piles, Worms, Agues, Cold Feet, Liver Complaint, Ulcers, and all Fever Sore, Inflammations of every kind. For which are 1000 testimonials, and cannot be denied. We refer you to the statements of well-known Physicians and Professors, who have come forward and have substantiated these facts. The most incredulous cannot but be convinced that it has made cures where every thing else has failed.

A LETTER FROM JOHN A. COLLINS, ESQ., EDITOR AND PROPRIETOR OF THE TEMPERANCE ORGAN, ALSO AGENT AND LECTURER FOR THE GRAND DIVISION OF SONS OF TEMPERANCE OF OHIO.

COLUMBUS, November 29, 1848.
A. L. Scovill, Dear Sir: For the past eight or ten months, I have felt inclined to say something in relation to the **EXTRAORDINARY HEALING QUALITIES** of your preparation of **DR. ROGERS' Compound Syrup of Liverwort and Tar**, for your own, but more especially for the benefit of those unfortunate persons who are threatened with, or afflicted with **PULMONARY CONSUMPTION**, and who like myself have a great aversion to quacks, to their specific and catholisms, but a combination of circumstances has prevented until now.

In November, 1846, my wife took a severe cold, which settled upon her lungs. A **VIOLENT COUGH** was the consequence, which increased in severity during the winter, and reduced her to almost a skeleton. It was nearly incessant, and attended with **SEVERE PAIN IN THE SIDE AND BREAST**, accompanied with **FEVER AND COLD NIGHT SWEATS**. SHE EXPECTORATED more than a PINT OF MATTER DAILY. ULCERS gathered upon her LUNGS and discharged. HER HANDS AND FEET were cold and clammy, and death, and a **PURPLE TINT** upon her lips. The skill and varied efforts of our family physician were completely **BAFFLED**. On the 1st of May, 1847, he informed me that he could do nothing more than grant her temporary relief, that her case WAS HOPELESS, and that she could NOT SURVIVE more than a fortnight at the furthest. Immediately called upon **DR. R. S. NEWTON** of this city, (who had been so skillful in the treatment of cancer) and stated her case to him. He recommended **DR. ROGERS' Liverwort and Tar**, assured me that there was nothing of quackery about it but purely a **SCIENTIFIC PREPARATION**, and gave me the history of several cases, all considered hopeless where this preparation **RESTORED TO HEALTH**. A cure was procured, and in one week the expectation was nearly **CONQUERED**. She was gradually improved, her appetite returned, her **COUGH** in a few months **CEASED**. SHE **RECOVERED HER STRENGTH**, and to a very great degree her health, and is now a **MOST EXTRAORDINARY TROPHY OF THE HEALING VIRTUES OF DR. ROGERS' PREPARATION OF LIVERWORT AND TAR**.

I can also say that I have derived very great benefit from this preparation, for hoarseness, sore throat, and stricture across the chest. I have been enabled, while **SUFFERING FROM SEVERE COLD AND HOARSENESS**, to speak with comparative ease for two hours. It has the advantage, in my own case, over other preparations, it does not derange the digestive functions, producing headache, or nervous instability. I regard it as admirably adapted for the use of public speakers. Respectfully yours, **JOHN A. COLLINS.**
